PROFILE

Third-year Computer Science student (BUT), looking for an internship in **SOC analysis, cybersecurity** or **network security**. Motivated by detection and infrastructure hardening, with hands-on fintech experience at Data-Tricks: multi-site GNS3 lab, VLANs, IPsec VPN, Zero Trust policy and GLPI inventory.

Internship: 18 January → 14 May 2027 · **Focus:** Junior SOC · Cybersecurity · Network security · **Location:** Île-de-France

PROFESSIONAL EXPERIENCE

Data-Tricks — La Défense

May – July 2026

Infrastructure & Security intern (credit / leasing fintech)

- Multi-site **GNS3** lab (France, Tunisia, Cloud): **VLAN** segmentation, **Zero Trust** policy, **IPsec IKEv2 VPN** tunnels on MikroTik CHR — **14 / 14 tests passed**.
- Isolation of the Management and HR VLANs (ANSSI practices); RouterOS configurations documented and versioned in Git.
- GLPI** lab on Docker and inventory / agent procedure; WSL Ubuntu, Draw.io, work in English.

Boulangier — Villebon-sur-Yvette

July – August 2025

Store associate — checkout, restocking, inventory and after-sales.

Toyota France Financement — Vaucresson

Summers 2022 and 2023

Customer relations & credit acceptance officer

- Review of sensitive files, anomaly detection and **TRACFIN** reporting; customer follow-up and after-sales.

ACADEMIC PROJECTS & SKILLS

- Secure enterprise network** — Marionnet, Wireshark, C (protocol analysis, filtering).
- Linux administration** — accounts, permissions, file system, CLI.
- BUT modules** — advanced networking, system & network security, cryptography, virtualization, systems programming.
- Portfolio** — Next.js / TypeScript site (GitHub: ilian-portfolio).

TECHNICAL SKILLS

Networking & security: TCP/IP · VLAN · Firewall · IPsec / IKEv2 VPN · Zero Trust · Wireshark · GNS3 · MikroTik / RouterOS · ANSSI basics

Systems & tools: Linux · Windows · WSL · Docker · SSH · GLPI · Git · Bash · C · SQL · Python (basics)

Languages: French (native) · English B2 (technical documentation, professional exchanges)

EDUCATION

BUT Computer Science — IUT Orsay, Université Paris-Saclay

2023 – 2027

Year 3 in progress · Deploying secure and communicating applications

French Baccalauréat — Lycée Condorcet, Limay

2020 – 2023
